

CURRICULUM SMC ARQUITECTOS

1.- COMPANY DATA

NAME : SAN MARTIN CAMPOS ARQUITECTOS ASOCIADOS LIMITADA
ID TAX NUMBER : 77.728.040-6
ACTIVITY : ARQUITECTURA
PHONE : 2222 58 445
ADDRESS : AV. Pedro Torres N° 94
E-MAIL : rsanmartin@sanmartincampos.cl
mcampos@sanmartincampos.cl
REGISTER : Registro de Consultores MOP 1ª Categoría.
Registro Revisores Independientes de Obras de Construcción MINVU.

2.- COMPANY EXPERIENCE

SMC Arquitectos is a consulting company, made up of architects Marcela Campos Cifuentes and Ricardo San Martín Grandón, and a team of professionals, specialized in the industrial area, which has provided professional support to the main mining projects in recent years in the conceptual design, basic and details stages.

Among the activities carried out by SMC architects, the following stand out:

- Architectural designs for process buildings in the industrial areas.
- Architectural and engineering projects (structures, urbanization, roads, landscaping, electrical installations and instrumentation, sewage and potable water installations, environmental chemistry, etc.) For personnel buildings such as:
 - Mining camps
 - Civic districts
 - Supervision for the development of technical bases, support to tenders, monitoring and review of architecture and third-party engineering
 - Supervision in management of sector permits.

The main works carried out by SMC Arquitectos to date are the following:

INDUSTRIAL AREA

Project : Development of architecture and obtaining permits, favorable construction reports (IFC), building permits and sanitary permits for industrial buildings of the process plant. Manto Verde Project.

Owner : Manto Verde

Client : Ausenco

Location : Comuna Chañaral, III Región, Chile.

Year : 2022

Project : Development of architecture at the feasibility engineering level of personnel and industrial buildings of the lanthanide processing plant. Penco Module Project.

Owner : REE UNO SPA

Client : Ausenco

Location : Comuna Chañaral, III Región, Chile.

Year : 2022

Project	: Development of architecture and obtaining permits, favorable construction reports, sanitary permits, building permits and final reception of industrial buildings for the concentrator plant and filter plant. SGO-Spence Project.
Owner	: Spence
Client	: Fluorsalfa
Location	: Comuna Sierra Gorda, II Región, Chile.
Years	: 2018 - 2022
Project	: Development of architecture for engineering and construction tenders, development of permit documentation for a favorable construction report (IFC), sanitary permits and building permits, with the development of architecture, structures and sanitary specialties, for the expansion of the Camp Project construction of Albemarle Project.
Owner	: Albemarle
Client	: Hatch
Location	: Comuna San Pedro de Atacama, II Región, Chile.
Year	: 2022
Project	: Development in BIM system of architecture design of civic districts, pioneer camp, main camp and workshops of surface installations of Quebradona Project. includes centralized control room.
Owner	: Anglogold Ashanti Colombia
Client	: Hatch
Location	: Municipio Jericó, departamento Antioquia, Colombia.
Year	: 2020 - 2021
Project	: Architectural design development of industrial areas and temporary installations of the basic engineering of thickened tailings Talabre.
Owner	: Codelco
Client	: Hatch
superficie	: 7.900,00 m ²
Location	: Comuna Calama, región Antofagasta, Chile.
Year	: 2020 - 2021
Project	: Development of engineering for a favorable report for construction (IFC), building permits and sanitary permits, which includes the specialties of architecture, structures and sanitary, for temporary construction buildings, and operation buildings. Albemarle project.
Owner	: Albemarle
Client	: Hatch
Location	: Comuna San Pedro de Atacama, ii Región, Chile.
Year	: 2019 (en desarrollo)
Project	: Development of architecture and obtaining of a favorable report for the construction (IFC), building permits and sanitary permits, industrial buildings concentrator plant and filter plant. SGO-Spence Project.
Owner	: Spence
Client	: Fluor Chile.
Location	: Comuna Sierra Gorda, II Región, Chile.
Year	: 2018
Project	: Development of architectural design for Puerto Quellaveco Project, which includes control room and office buildings, change house, laboratories, workshop, warehouse, facilities for truckers, gatehouse.
Owner	: Angloamerican Quellaveco
Client	: Hatch
Location	: Comuna Ilo, Perú.
Year	: 2019
Project	: Development of an architecture project for civic districts and workshops for underground installations in the transport and production levels of Nuevo Nivel Mina project, in the BIM system.

Owner	: Codelco División El Teniente
Client	: Hatch
Location	: VI Región, Chile.
Year	: 2019
Project	: Development of basic engineering and details of architecture and structural, sanitary, electrical and HVAC specialties for the control room and change house building, Albemarle Project.
Owner	: Albemarle
Client	: Hatch
Location	: Comuna de San Pedro de Atacama, II Región, Chile.
Year	: 2019
Project	: Detail engineering Quellaveco Project. Includes construction camps, and operation camps, civic districts operations, centralized control room in the main building.
Owner	: Angloamerican Quellaveco S.A.
Client	: Fluor Chile
Location	: Perú
Year	: 2018
Project	: Detail Engineering EXAR Project.
Owner	: EXAR
Client	: Hatch
Location	: Argentina
Year	: 2018.
Project	: Feasibility Engineering for the environmental impact study of construction camps and operation of the Nuevaunión Project.
Owner	: Nuevaunión.
Client	: Fluor Chile s.a.
Location	: Comunas de Huasco, Vallenar y Alto del Carmen, III Región, Chile.
Year	: 2017
Project	: Engineering development and preparation of sector permit files of the industrial area on the surface. Chuquicamata Underground Mine Project
Owner	: Codelco.
Client	: Codelco.
Location	: Comuna de Calama, II Región, Chile.
Year	: 2017
Project	: Preparation of files to obtain construction permits of temporary installation of Minera Teck Quebrada Blanca.
Owner	: Minera Teck.
Client	: Hatch.
Location	: Comuna de Pica, región de Tarapacá, Chile.
Year	: 2016
Project	: Engineering study to EIA of Chacay, Tipay y los Vilos camps.
Owner	: Antofagasta Minerals
Client	: Antofagasta Minerals.
Location	: Comuna de los Vilos, III Región, Chile.
Year	: 2016
Project	: Basic feasibility study for the implementation of copper smelting and refining, includes offices and centralized control room.
Owner	: EP Petroecuador
Client	: Hatch.
Location	: Posorja, Guayaquil, Ecuador.
Year	: 2016

Project	: Development of architecture for personnel buildings and advice on construction camp bidding SGO-Spence Project.
Owner	: Spence
Client	: Fluor Chile.
Location	: Comuna de Sierra Gorda, II Región, Chile.
Year	: 2016
Project	: Detail engineering Chuquicamata underground Project.
Owner	: Codelco
Client	: Hatch.
Location	: Comuna de Calama, II Región, Chile.
Year	: 2015
Project	: Management and obtaining building permits and final receptions. Project Caserones includes personnel buildings and process buildings.
Owner	: Minera Lúmina Cooper Chile s.a.
Client	: Minera Lúmina Cooper Chile s.a.
Location	: Copiapó, Región de Atacama
Year	: 2014
Project	: Basic engineering Quellaveco Project. includes construction camps, and operation camps and civic districts operations.
Owner	: Angloamerican Quellaveco s.a.
Client	: Fluor Chile
Location	: Perú
Year	: 2014.
Project	: Engineering details specializing in architecture and sanitary ware El Teniente Converters Warehouse Expansion Project, converters building expansion, and facilities for staff.
Owner	: Codelco
Client	: Sedgman
Location	: VI Región Chile
Year	: 2014.
Project	: Detail engineering of Nuevo Nivel Mina El Teniente. includes civic districts, processing sector, office buildings, change house, casinos, general warehouse, workshops and centralized control room.
Owner	: Codelco División El Teniente.
Client	: SKM Minmetal
Location	: VI Región Chile
Year	: 2011-2013.
Project	: Detail engineering of the confluence building, intake and others of the hydroelectric power station San Andrés HydroChile.
Owner	: HydroChile.
Client	: SKM Minmetal
Location	: IV Región Chile
Year	: 2013.
Project	: Detail Engineering Antucoya Project, construction camp (6000 people) and operation, civic quarter, laboratories, sampler, witness library, warehouses, workshops, offices, centralized control center.
Owner	: Minera Antucoya.
Client	: Fluor
Location	: Antofagasta, Región de Antofagasta, Chile.
Year	: 2012
Project	: Engineering details Caserones Project. includes camp, staff buildings, process buildings. includes centralized control room in office building.
Owner	: Minera Lúmina Cooper Chile s.a.

Client	: Fluor
Location	: Copiapó, Región de Atacama
Year	: 2011-2014
Project	: Basic engineering Project Quellaveco Moquegua facilities, administration building and EPCM building, community center, single-family homes, hotel, park and recreational area, design criteria.
Owner	: Minera Angloamerican
Client	: Fluor
Location	: sector Calaluna, provincia de mariscal nieto, departamento de Moquegua, Perú.
Year	: 2010
Project	: Detailed engineering of the Conga Mine includes administration office buildings, dining room-kitchen, industrial buildings and the preparation of the Matrix of Sectoral Permits.
Owner	: Minera Yanacocha S.R.L.
Client	: Fluor Chile s.a.
Location	: Cajamarca, Perú.
Year	: 2010
Project	: Level 4 conceptual study for the Conga Mine construction camps (6,000 people) and operations (750 people), including administration office buildings, recreation, dining room-kitchen, laundry, oratory, access checkpoint, dormitory buildings.
Owner	: Minera Yanacocha S.R.L.
Client	: Fluor Chile s.a.
Location	: Cajamarca, Perú.
Year	: 2010
Project	: Basic engineering for the exploitation of the Ministro Hales Mine. includes civic district processes sector, office buildings, change house, casino, general warehouse, workshops.
Owner	: Codelco División Norte.
Client	: Hatch
Location	: II Región Chile
Year	: 2010
Project	: Basic engineering Nueva Andina Phase II- Node 3500. Truck shop designs, change house, truck wash shop.
Owner	: Codelco División Andina.
Client	: Hatch
Location	: V Región Chile
Year	: 2009
Project	: Detail engineering, architecture and specialties, transfer of the central chemical laboratory (engineering of a national reference laboratory, including design of an 18 km water adduction and environmental chemistry studies).
Owner	: División Codelco Norte.
Client	: División Codelco Norte
Location	: Calama, II Región, Chile.
Year	: 2009
Project	: Engineering details architecture and specialties new change house Radomiro Tomic work center (engineering of different specialties for a change house of 1000 people, includes design of solar hot water system and photovoltaic lighting).
Owner	: División Codelco Norte.
Client	: División Codelco Norte.
Location	: Mina Radomiro Tomic, II Región, Chile.
Year	: 2009
Project	: Engineering details Quellaveco Project, construction and operation camps.
Owner	: Angloamerican.

Client	: Fluor Chile s.a.
Location	: Moquegua, Perú
Year	: 2008
Project	: Industrial Mess Hall of Chuquicamata.
Owner	: Codelco norte.
Client	: Codelco norte
Location	: II Región Chile
Year	: 2008
Project	: Detail engineering Early Works Project, development of temporary buildings such as offices, change houses, mess hall, recreation, dormitories and polyclinics in sectors El Lenguado y La Negra.
Owner	: Minera Escondida.
Client	: Hatch.
Location	: Sectores Coloso, El Lenguado y La Negra, Antofagasta, II Región
Year	: 2008
Project	: Detailed engineering review of Gaby Mess Hall project. Gaby mess hall Tecno-fast detail engineering review, contractor design clarifications, site visits.
Owner	: Minera Gaby
Client	: Minera Gaby.
Location	: Mina Gaby, Comuna de Sierra Gorda, II Región
Year	: 2008
Project	: Supervision of project Gaby sector permits. development of documentation and management of sectoral permits for building permits, final receptions and sanitary permits for industrial plant buildings.
Owner	: Minera Gaby
Client	: Fluor Chile s.a.
Location	: mina Gaby, Comuna de Sierra Gorda, ii Región
Year	: 2008
Project	: Details engineering of Plan Desarrollo Andina Fase I Project. Development of truck shop expansión, transfer building pt-5, electrical loop maneuvering stations.
Owner	: Codelco Chile
Client	: SKM Minmetal.
Location	: los andes
Year	: 2007
Project	: Detail engineering BMR expansion project, development of electrowinning building, control room, dispatch office and electrical rooms
Owner	: Anglo Platinum.
Client	: Hatch.
Location	: Johannesburg, Sudafrica
Year	: 2007
Project	: Detail engineering of Veladero – Crushing Expansion to 85.000 tpd project. building development primary crushing, secondary crushing, truck loading and surge bin.
Owner	: Minera Barrick.
Client	: Hatch.
Location	: Provincia de San Juan, Argentina
Year	: 2007
Project	: Detail engineering Pascua Lama Project. Development of general layout of personnel buildings, development of primary crushing buildings, pebble crushing, milling warehouse and offices, refinery warehouse and offices, laboratories, contractor offices, warehouses, workshops. Development of value protection design criteria. Development of scopes of work for auxiliary buildings.
Owner	: Minera Barrick.
Client	: Fluor Chile s.a..

Location	: Provincia de San Juan, Argentina
Year	: 2007
Project	: Basic engineering Project El Morro. Development of layout of camps, construction and operation stage, general layout of personnel buildings, development of office buildings, change houses, laboratory and access control booths.
Owner	: Xstrata Copper.
Client	: Fluor Chile s.a..
Location	: Región de Atacama, Chile.
Year	: 2007
Project	: Engineering details Project Gaby. development of civic district buildings: urban complex of administration buildings, change houses and mess hall; chemical, metallurgical and sample laboratory buildings, access control complex, general warehouse; industrial buildings for electrowinning, secondary and tertiary crushing, mineral storage, heaters and compressors. Preparation of scope of work and technical evaluation for the tender of auxiliary buildings. Preparation of matrix of sectoral permits, supervision and follow-up.
Owner	: Codelco Chile.
Client	: Fluor Chile s.a.
Location	: Comuna de Sierra Gorda, II Región
Year	: 2006
Project	: Basic engineering Pascua Lama Project. Development of industrial and personnel buildings
Owner	: Minera Barrick.
Client	: Fluor Chile S.A.
Location	: Provincia de San Juan, Argentina
Year	: 2006
Project	: Engineering Project Erco details, process building, offices, control room, laboratory, personnel facilities, workshops and warehouses.
superficie	: 6300 m2
Owner	: Erco Worldwide.
Client	: Minmetal Ingeniería.
Location	: Comuna de Collipulli, IX Región
Year	: 2005
Project	: Basic engineering Cerro Corona Project. Process building design.
Owner	: Minera Gold Fields s.a.
Client	: Hatch Ingeniería y Projects.
Location	: departamento de Cajamarca, Perú
Year	: 2005
Project	: Engineering details Carrascal Project Constellation plant, office building, change house, polyclinic and emergency brigade, warehouse building, rest area and subcontractor offices, pedestrian walkway, gatehouse, services building, dispatch office and raw materials warehouse.
superficie	: 4123 m2
Owner	: Unilever Chile HPC Ltda.
Client	: Minmetal Ingeniería.
Location	: Comuna de Quinta Normal, Región Metropolitana
Year	: 2005
Project	: Detailed engineering Sulphide leaching project. Development of administration buildings, change house, laboratory, warehouse and workshops, electrowinning, pumping stations, reverse osmosis, desalination plant, control rooms, water heaters and truck workshop expansion. Preparation of scope of work and technical evaluation for the tender of auxiliary buildings. Preparation of sectoral permit matrix, supervision and follow-up of permit development.
superficie	: 23.555,41 m2

Owner	: Minera Escondida Limitada
Client	: Fluor Chile s.a.
Location	: Comuna de Antofagasta, segunda Región
Year	: 2004 - 2005
Project	: Detail engineering of the Chicory processing plant, administration buildings, personnel facilities, workshops, warehouses, and processing halls.
Owner	: Orafti Chile Refinería Ltda.
Client	: Minmetal Ingeniería.
superficie	: 44.059,51 m ²
Location	: Comuna de Pemuco, VIII Región
Year	: 2004 – 2005
Project	: Engineering details Patio 65 Project, truck workshop buildings and change house.
Owner	: Codelco Chile, División Codelco Norte
Client	: Minmetal Ingeniería.
superficie	: 8.441,36 m ²
Location	: Comuna de Calama, II Región
Year	: 2004
M	
Project	: Engineering details Ilo Smelter Modernization Project. development of control building and electrical rooms.
Owner	: Southern Perú
Client	: Fluor Chile S.A.
Location	: Ilo, Perú
Year	: 2004
Project	: Detail engineering Escondida Norte Project. Expansion of the truck workshop and office building.
superficie	: 2435 m ²
Owner	: Minera Escondida Ltda.
Client	: Hatch Ingenieros Consultores Ltda.
Location	: Comuna de Antofagasta, segunda Región
Year	: 2003
Project	: Engineering details, third fluosolid drying plant development of drying buildings, fan room, electrical room, control room and cabinets.
Owner	: Codelco Chile – División El Teniente.
Client	: Hatch Ingenieros Consultores Ltda.
Location	: Comuna de Rancagua, sexta Región
Year	: 2003
Project	: Engineering details increase in smelting capacity phase I. Development of cup cleaning building and preca control room.
Owner	: Codelco Chile – División El Teniente.
Client	: Hatch Ingenieros Consultores Ltda.
Location	: Comuna de Rancagua, sexta Región
Year	: 2003
Project	: Engineering details exploitation Pipa Norte and Diablo Regimiento. development of mess hall buildings, offices, change room, control rooms.
Owner	: Codelco Chile – División El Teniente.
Client	: Minmetal Ingeniería
Location	: Comuna de Rancagua, sexta Región
Year	: 2002
Project	: Engineering details Transition Ujina – Rosario. Development of truck workshop buildings, tire workshop, warehouses, rescue station, etc.
Owner	: Compañía Minera doña Ines de Collahuasi
Client	: Minmetal Ingeniería
Location	: Comuna de Pica, primera Región

Year	: 2002
Project	: Engineering details increase flotation time and related works Chuquicamata. development of electrical room buildings, blowers, operator room
Owner	: Codelco Chile – división Chuquicamata.
Client	: Minmetal Ingeniería
Location	: Comuna de Antofagasta, segunda Región
Year	: 2002
Project	: Basic engineering Andina expansion 2002. administration buildings, distribution center, valley area laboratory, major equipment warehouse, medium equipment warehouse, main building, lubrication center.
superficie	: 13.115 m2,
Owner	: Codelco Chile División andina.
Client	: Minmetal Ingeniería
Location	: Comuna de los andes, quinta Región
Year	: 2001
Project	: Andina Expansion 2002. Conceptual design of new hotel architecture, existing hotel remodeling,
Superficie	: New hotel 3565 m2, existing hotel remodeling 3847 m2.
Owner	: Codelco Chile División Andina.
Client	: Minmetal Ingeniería
Location	: Comuna de Los Andes, quinta región
Year	: 2001
Project	: Pascua - Lama basic engineering truck workshop and auxiliary services: change house, offices, warehouses, workshops, shelter, polyclinic, electrical room.
superficie	: 13.000 m2
Owner	: Compañía Minera Nevada
Client	: Fluordaniel Chile
Location	: sector lama, provincia de San Juan, Argentina
Year	: 2000
Project	: Engineering of details expansion Los Bronces phase I. Expansion of milling building, electrical rooms Los Bronces, Riecillos, Las Tórtolas, expansion of concentrated storage.
Client	: Minmetal Ingeniería
Owner	: Cia Minera Disputada de Las Condes Ltda.
Year	: 2000
Project	: Detsa industrial plant commune of Arauco, eighth developed region in spanish and English.
Superficie	: 3000 m2
Owner	: Detsa
Client	: RS-Global
Year	: 1999

AREA HABILITACIONES OFICINAS

Project	: Permission and reception of minor work fitting out offices in the Titanium building, 23rd floor. Architecture and sanitary
Superficie	: 700 m2
Client	: Fluor S.A.
Location	: Región metropolitana Chile
Year	: 2014
Project	: Remodelating of 10 floor- DIPRES
Superficie	: 2.845 m2
Owner	: Dirección de presupuestos –DIPRES- Gobierno de Chile
Location	: Comuna de Santiago – región metropolitana

Year	: 2012
Project	: Project design and obtaining permission and reception of minor works fitting out offices in the Titanium building on the 32nd and 33rd floor. Architecture and specialties
Superficie	: 1490 m2
Client	: Fluor S.A.
Location	: Región metropolitana chile
Year	: 2011
Project	: Project design and obtaining permission and reception of minor works fitting out offices in the Titanium building on the 30th and 31st floors. Architecture and specialties
Superficie	: 1490 m2
Client	: Fluor S.A.
Location	: Región metropolitana chile
Year	: 2010
Project	: Project design and obtaining permission and reception of minor works fitting out offices in the Titanium building on the 28th and 29th floor. Architecture and specialties
Superficie	: 1490 m2
Client	: Fluor S.A.
Location	: Región metropolitana chile
Year	: 2010

AREA EDIFICACIONES PUBLICAS Y PRIVADAS

Project	: Parque Loa
Superficie	: 59.429 m2
Owner	: I. Municipalidad de Calama
Location	: Sector Parque Loa comuna de Calama
Year	: 2013
Project	: Raquel Fernández de Morandé school project
Superficie	: 1200 m2
Owner	: I. Municipalidad de la Melipilla
Location	: Popeta, comuna de Melipilla, región Metropolitana
Year	: 2013
Project	: Extension and remodeling Liceo Ciencia y Tecnología.
Superficie	: 2268 m2
Owner	: I. Municipalidad de la cisterna
Location	: Av. Goycolea n° 469, comuna de La Cisterna, región metropolitana
Year	: 2003
Project	: School Integrated Solution Oscar Encalada y Brisas del Maipo
Superficie	: 2055 m2
Owner	: I. Municipalidad de la cisterna
Location	: Av. Pedro Aguirre Cerda n° 0184, comuna de La Cisterna, región metropolitana.
Year	: 2003
Project	: Scool f-259 colin – Talca – VII región del Maule
Superficie	: 502 m2
Owner	: I. Municipalidad de Maule
Location	: Camino público sin número Colin – Talca
Year	: 2004
Project	: School Angelmó, Puerto Montt extension.
Superficie	: 800 m2
Owner	: I. Municipalidad de Puerto Montt

Client	: Dirección de arquitectura, MOP.
Location	: Comuna de Puerto Montt, décima región
Year	: 2001
Project	: Extension Nieves del Sur school, Coyhaique
Superficie	: 200 m2
Owner	: I. Municipalidad de Coyhaique
Client	: Dirección de arquitectura, MOP
Location	: Comuna de Puerto Montt, decimo primera región
Year	: 2001
Project	: Extension Pablo Neruda school, Villa Ortega.
Superficie	: 300 m2
Owner	: I. Municipalidad de Coyhaique
Client	: Dirección de arquitectura, MOP
Location	: Comuna de Coyhaique, decimo primera región
Year	: 2001
Project	: Extension Rio Claro school
Superficie	: 460 m2
Owner	: I. Municipalidad de Coyhaique
Client	: Dirección de arquitectura región de Aysén, MOP
Location	: Sector El Claro, comuna de Coyhaique, undécima región
Year	: 1999
Project	: School and students house Carboneros, Isla del Rey, Corral.
Superficie	: 1000 m2
Owner	: I. Municipalidad de Corral
Location	: Isla del rey, comuna de Corral, décima región
Year	: 1999
Project	: Extension Ministro Abdón Cifuentes high school,
Superficie	: 1500 m2
Owner	: I. Municipalidad de la cisterna
Location	: Comuna de La Cisterna, región metropolitana
Year	: 1999
Project	: El Tigre school project, Palena
Superficie	: 225 m2
Owner	: Dirección de arquitectura Puerto Montt, MOP
Location	: Sector El Tigre, comuna de Palena, decima región
Year	: 1998
Project	: Ilihue non urban school project, comuna de Lago Ranco
Superficie	: 1000 m2
Owner	: I. Municipalidad de Lago Ranco
Location	: Comuna de Lago Ranco, décima región
Year	: 1998
Project	: General non-urban policlinic Villa Prat de Sagrada Familia
Superficie	: 680 m2
Owner	: Servicio de Salud del Maule
Location	: Comuna Sagrada Familia, séptima región
Year	: 1997
Project	: General non-urban policlinic San Rafael de Pelarco
Superficie	: 700 m2
Owner	: Servicio de salud del Maule
Location	: Comuna de pelarco, sexta región
Year	: 1995

Project : General non-urban policlinic Cumpeo de Rio Claro
Superficie : 620 m2
Owner : Servicio de salud del Maule
Location : Sector Cumpeo, comuna Rio Claro, sexta región
Year : 1993

Project : General non-urban policlinic Vara Gruesa de Linares
Superficie : 650 m2
Owner : Servicio de salud del Maule
Location : Sector Vara Gruesa, comuna de Linares, sexta región
Year : 1993
